The Visual Advantage

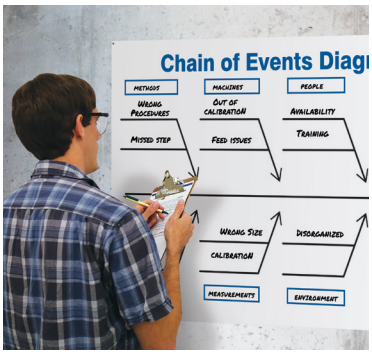
Identification Essentials that Support a Lean Workplace

Shadow Boards

A visual management tool used in workplaces to organize and store tools and equipment. This system enhances workplace organization, promotes efficiency, and helps maintain a standardized and lean work environment.

KPI Boards

A visual display that tracks and communicates key metrics and performance indicators within an organization. It provides a real-time snapshot of critical data, enabling teams to monitor progress, make informed decisions, and align their efforts with strategic goals.

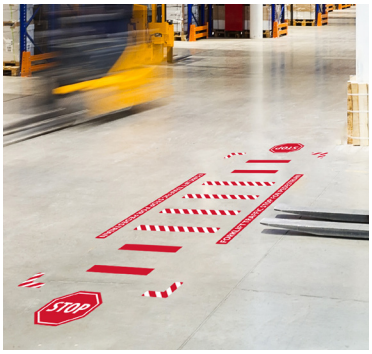


Safety Projectors

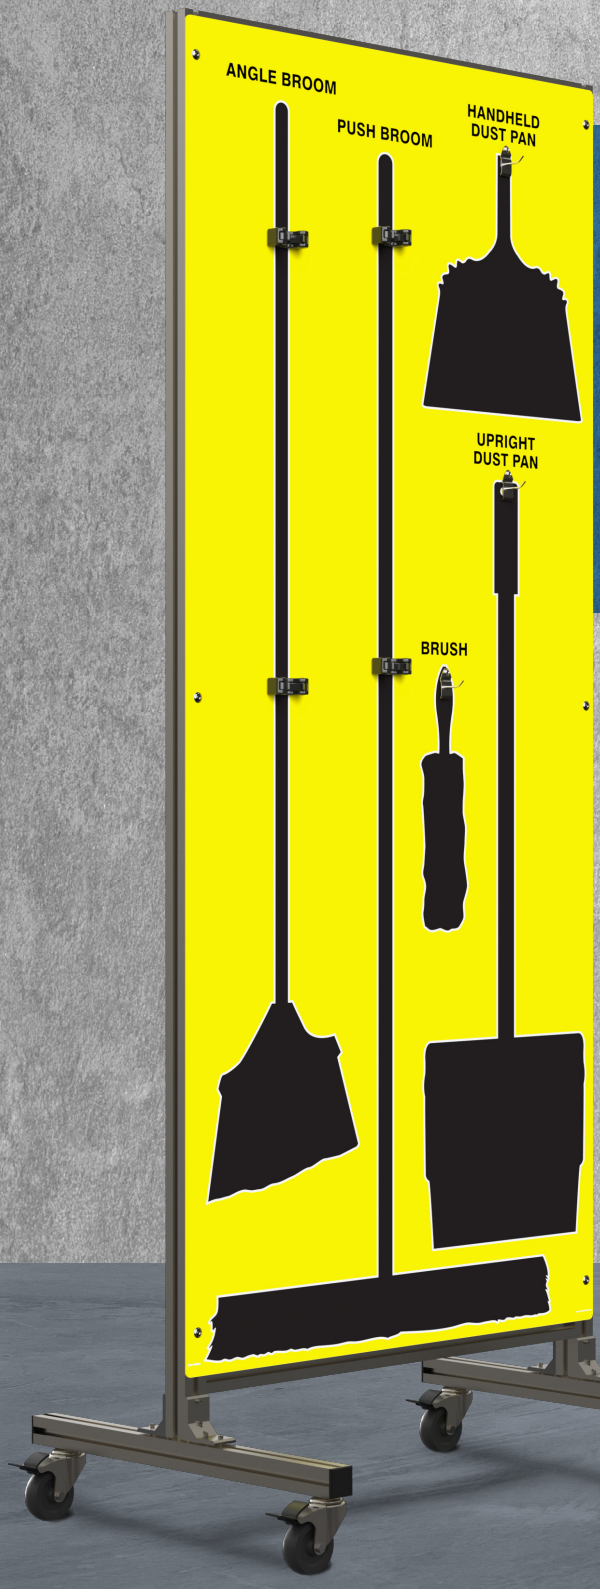
Designed to enhance workplace safety by projecting noticeable visual warnings or crosswalks onto surfaces. Visible even in low-light conditions, contributing to accident prevention and improved overall safety.

Crosswalk Kits

Crosswalks serve as designated pedestrian pathways, helping ensure the safe movement of employees and visitors across busy areas where vehicles, such as forklifts and pallet jacks, may be in operation.

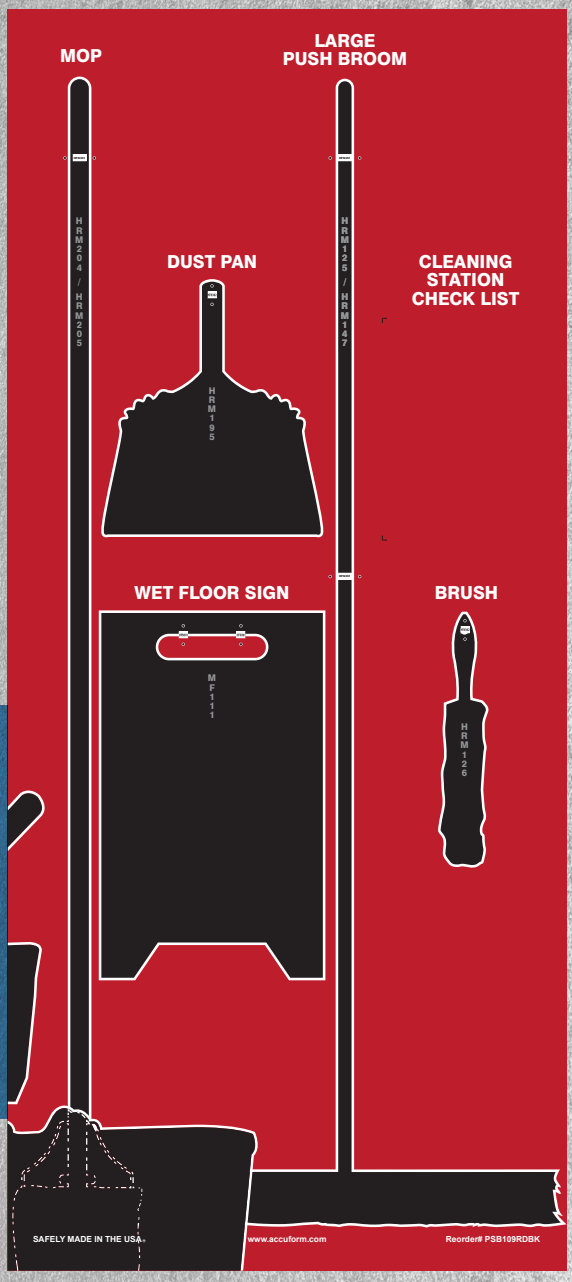


EXPERTS IN TOOL STORAGE



Mobile Clean & Sweep Shadow Boards

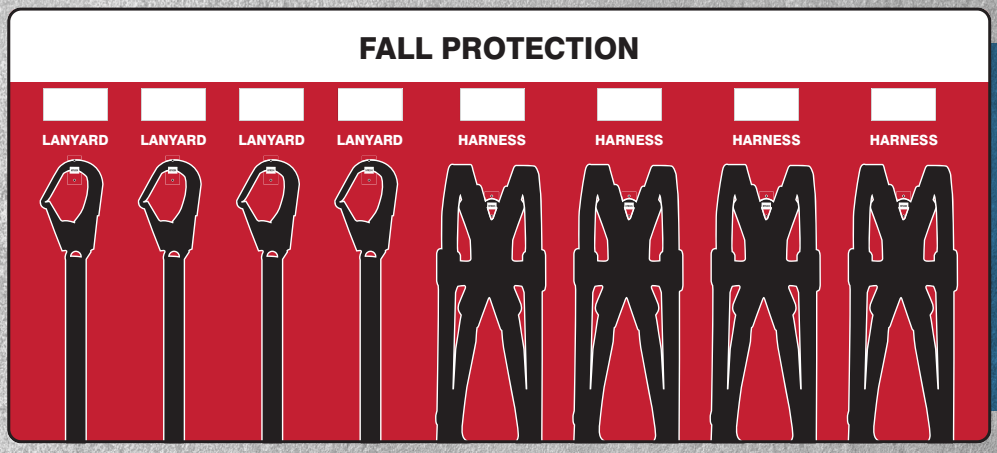
Provides a maneuverable solution that is ideal for basic janitorial usage.



Clean & Mop Shadow Boards

Efficiently manage spills in maintenance facilities.

& TOOL ORGANIZATION



Fall Protection Shadow Boards

Optimal solution for efficiently storing and organizing your harnesses and lanyards, ensuring consistent accessibility for your workers.

Battery Charging Station Shadow Boards

Enhance the organization of your battery changing PPE for quick and convenient access.

Packaging Area Shadow Boards

Streamline the integration of 5S principles in your stock and shipping areas with Shadow Boards.

Engineered Materials

Visual solutions printed on engineered materials, designed specifically for your workplace setting.

Clean & Sweep Shadow Boards & Combo Kits

Our Clean & Sweep Shadow Boards support an effective and streamlined response to spills and messes in any facility.

- Available in a variety of materials to match your environment
- 4 color options available with your choice of either black or white tool shadows
- Shadow Board Dimensions: 68"H x 30"W
- Boards include mounting hardware for tools
- Some assembly required; Instruction and assembly hardware included
- Mobility designed to reduce physical stress or work-related strains
- Ensures tools are easily accessible at point of use

Mobile Cart Solutions

5S Compliance and Communication Where it's Needed Most.

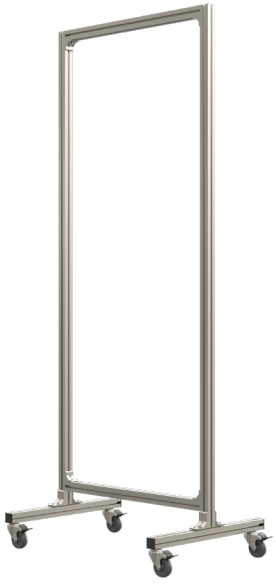
Mobile carts provide a maneuverable solution to effectively support the organization of cleaning equipment, tools and more within the workplace, in addition to delivering point-of-need communication.

Available in three sizes, the anodized aluminum frame with casters allow mounted KPI boards and shadow boards (stock or custom), to move from workspace to workspace.

About our Mobile Carts

- Three popular cart sizes
- (4) Swivel, locking casters; zinc-plated steel housing
- 2" diameter rubber coated wheels
- Some assembly required; instructions and assembly hardware included
- PSB200 fits our Clean & Sweep/Mop Shadow Boards, as well as our Wet & Dry Zone Cleaning Station Shadow Boards
- Custom boards can be designed to fit mobile carts

Item No.	Size	Unit
PSB200	16" x 24"	Each
PSB201	72" x 36"	Each
PSB202	72" x 47 1/2"	Each



Material Selection Guide

Aluma-Lite™ (ACP)

Ultra-lightweight properties combined with high-strength and rugged engineering make this composite aluminum sign extremely durable.

- Basic maintenance and janitorial usage
- Dual-layered aluminum with plastic core
- 50% lighter than Aluminum Grade
- Temperature range of -60° to 180°F
- Features anti-static properties
- Protected with Sign Muscle®
- Lifetime Guarantee

Accu-Shield™

Specially formulated for rugged industrial conditions where performance matters

- Designed for rugged industrial conditions
- Subsurface ink will not chip, peel, or deteriorate in harsh conditions
- Temperature range of -60° to 260°F
- A perfect balance of ruggedness and aesthetic appeal
- Lifetime Guarantee

Industrial Grade Aluminum

Provides the strength of metal, yet never rusts and features resistance against abrasions and impacts for industrial strength applications.

- Great for industrial, manufacturing & construction usage
- Superior strength & rigidity
- Corrosion resistant
- Temperature range of -40° to 250°F
- Protected with Sign Muscle®
- Lifetime Guarantee

Accu-Shield™ FBX Food & Medical Grade

Engineered for food and beverage processing applications.

Accu-Shield™ FBX can withstand high pressure wash-downs and more.

- Designed for food processing and wash down environments
- Subsurface ink will not chip, peel,or deteriorate
- Pressure washable
- Temperature range of -30° to 190°F
- Antimicrobial properties

Customize It! in 4 Easy Steps

STEP 1

Choose Your Material

- **Aluma-Lite™ (ACP)**
- **Accu-Shield™**
- **Industrial Grade Aluminum**
- **Accu-Shield™ FBX Food & Medical Grade**

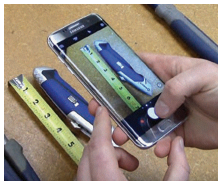
STEP 2

Measure

Measure the space where your shadow board will hang or let us know if your board will need to be mounted to a mobile cart.

STEP 3

Tell Us About Your Tools



Option 1

Take a clear, straight on picture of each tool next to a ruler. Provide us with a general overview of the estimated size of the board need.

Kobalt 3-Blade Utility Knife
Item #365654 Model # 55908

Option 2

Provide a list of tools along with their manufacturer, part number, and description.

STEP 4

Provide us with:

Your Logo

High res/vector art

Your Colors

Background, shadow, font colors

Your Message

Tool names, part numbers, department

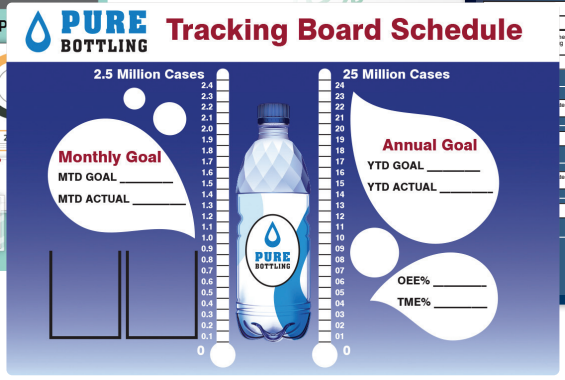
KPI BOARDS

Dry Erasable for Daily Updating

KPI Boards are an important tool for communication, learning and performance. They enhance understanding and engagement in various contexts.

Inform employees about Key Performance Indicators (KPIs) such as production and quality targets, schedules and operational progress or challenges.

They can also be used to support 5S Lean/Kaizen activities. These dry erase boards provide a quick and easy way to update metrics and messages throughout the day, month or quarter.



CUSTOMIZE IT!

Ultra Aluma-Lite™

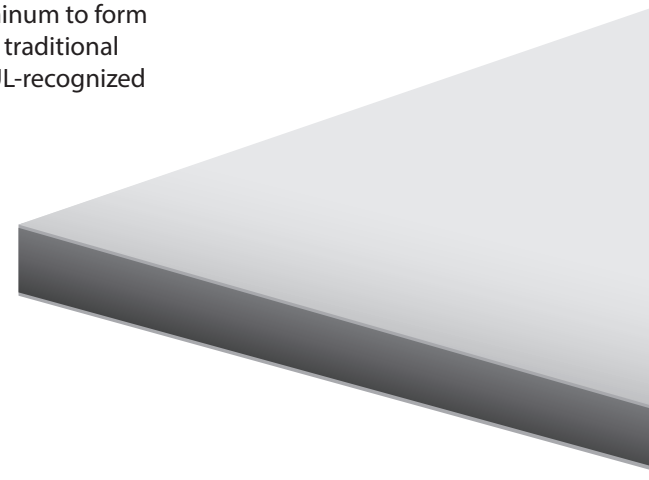
Ultra Aluma-Lite™ features a composite plastic core bonded by two layers of aluminum to form an extremely durable product. Composite aluminum is an excellent alternative to traditional aluminum. It's light-weight (40% lighter than solid aluminum), Eco-friendly, and UL-recognized for "electrical signage" (UL94-VO).

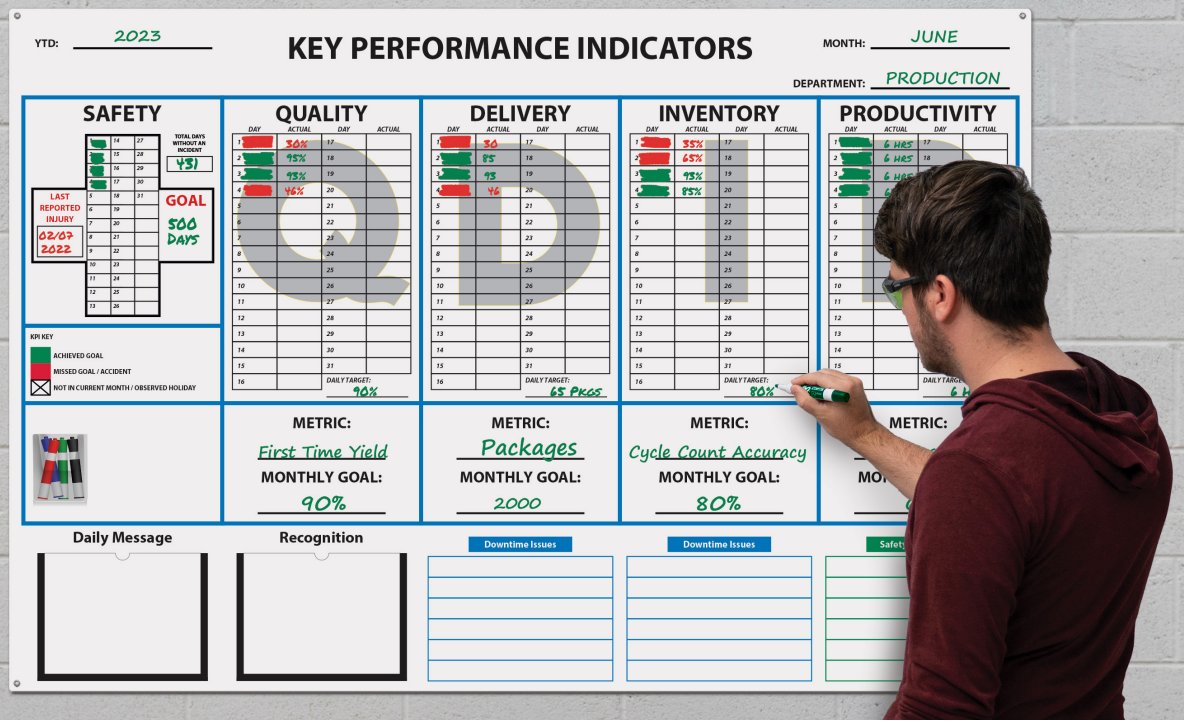
Key Features

- Corrosion and impact resistant
- Ideal for use with Ultra-Cling™ (see pg 20)
- Stain and scratch resistant
- Service Temperature: -40° to 170°F

Applications

- Industrial environments
- Manufacturing
- Warehouse & Fulfillment Centers
- Construction





SQDIP & SQCIP KPI-Boards

Dry erase SQDIP & SQCIP KPI-Boards are an effective tool for monitoring and improving the safety, quality, delivery, cost, inventory and productivity of your organization in real time.

Key Features

- Dry erase boards available in 2 different designs, SQDIP & SQCIP.
- Includes 2 landscape-style document holders: 8 ½"H x 11"W.
- Includes 1 dry erase marker and eraser holder: 4 ¾"H x 3 ⅝"W x 2"D.
- Board dimensions: 48"H x 72"W, made of Ultra Aluma-Lite™.
- Ideal for use with Ultra-Cling™ markings to visibly provide metrics, track progress, and indicate goals (sold separately, pg 20).

Benefits

- Increases accountability by tracking progress towards expectations.
- Improves visibility on performance in real-time.
- Drives focus, prioritizing the most important metrics and goals.
- Facilitates communication between team members.
- Visually creates a clear picture of team status.

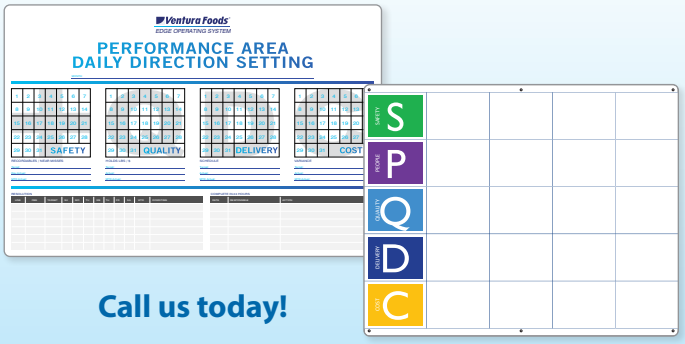
CUSTOMIZE IT! Dry Erase Key Performance Indicator (KPI) Boards



Call us today!

Document Holder KPI-Boards

Facilitate communication and collaboration with our colorful Document Holder KPI-Boards. Display effective tools to promote communication, collaboration, and transparency within your organization.

Key Features

- Dry erase boards available in 3 eye-catching colors: Blue (BU), Red (RD), Yellow (YL).
- Includes 6 portrait-style document holders: 8 ½"H x 11"W.
- Includes 1 dry erase marker holder: 4 ¾"H x 3 5/8"W x 2"D.
- Board dimensions: 48"H x 48W", made of Ultra Aluma-Lite™.
- Use with dry erase markers to visibly provide metrics and indicate goals (dry erase marker set sold separately, pg 20).

Benefits

- Make important announcements to keep your team informed.
- Share feedback and comments to encourage teamwork.
- Display workflows to help team members understand critical processes and deadlines.
- Showcase performance metrics and communicate progress towards goals.

Continuous Improvement (CI) KPI-Board

The CI KPI-Board visually displays action items for ongoing processes. Record incremental changes and improvements for products, processes or systems to enhance quality and efficiency.

Key Features

- Allows team members to collaborate and generate process improvement ideas.
- Board dimensions: 48"H x 32"W, made of Ultra Aluma-Lite™.
- Includes 1 dry erase marker and eraser holder: 4 ¾"H x 3 ⅝"W x 2"D.
- Use with dry erase markers to provide a list of action items along with completion dates, project owners and goals (dry erase marker set sold separately, pg 20).
- Fields include Date, Action, Owner, Due.

Benefits

- Visually document ongoing improvements that will result in significant long-term benefits.
- Create a positive culture where employees are empowered to suggest ideas and implement solutions.
- Increase efficiency, employee engagement and greater innovation and agility.

Cause & Effect KPI-Boards

Cause & Effect Fishbone KPI-Boards help identify the root causes of a problem.

Key Features

- Dry erase KPI-Boards available in 2 different designs.
- Board dimensions: 32"H x 48"W, made of Ultra Aluma-Lite™.
- Includes 1 dry erase marker and eraser holder: 4 ¾"H x 3 ⅝"W x 2"D.
- Use with dry erase markers to visibly provide metrics and indicate goals (dry erase marker set sold separately, pg 20).

Benefits

- Clearly define problems or issues that need to be addressed.
- Brainstorm, identify and categorize potential causes.
- Determine which causes are most likely to be at the root cause of a problem.
- Develop and prioritize solutions to address the identified causes.
- Implement and monitor the solutions to ensure they are effective.
