

# Clear Window Cling

## Product Data Bulletin

### Description:

Clear window cling printed with UV resistant eco-solvent ink, reinforced with UV, chemical, abrasion, and moisture resistant laminate layer. Window Cling is designed for use on indoor glass, but can be used outdoors for up to 3 months. For best results, apply window cling to clean, room temperature glass. Clear window cling can be printed 2 ways: Standard Mount is placed on a clear, glass window or door to read from the same side; Reverse Mount is typically placed on the inside of a clear, glass door to be read from the outside, through the glass. (Text will be backward when viewed from the inside). Recommended for indoor and outdoor business and industrial environments. Not recommended for tinted glass due to the visibility. Service temperature range -20 F to +200 F.

### Specifications:
